ACUPUNCTURE
AND TRADITIONAL
CHINESE MEDICINE

ANCIENT MEDICINE,
MODERN CHOICE.

NEW ZEALAND SCHOOL OF ACUPUNCTURE & TCM ANNOUNCEMENT

If you have been thinking about doing a Masters in Chinese medicine now is the time. Investigate through the Stepping Stones Programme. Study achieved in this programme, can be credited towards your Masters at NZSATCM

- A three year part-time, online course
- Only travel is to Wellington New Zealand for one week in February 2017
- Access to online journals
- Develop your skills to complete a research project in an area of interest

Our first cohort of students are now starting their projects, these include:

- Therapeutic outcomes of acupuncture in musculoskeletal treatment with or without indirect moxibustion,
- The use of Acupuncture during the luteal phase in treatment of female infertility,
- Adapting medical professional mentoring systems for graduates of Chinese medicine,
- Exploring GPs referral decisions for musculoskeletal treatment when referring to TCM practitioners and physiotherapists with acupuncture training and
- Acupuncture for management of symptoms of neurological conditions.

For further information and to hear our students experiences on joining our programme you can visit:
